

club is revered in the annals of rowing, and for 125 years it has been a staple of the Wyandotte community, encouraging the citizens of Southeastern Wayne County to flourish physically, mentally and morally.

The Wyandotte Boat Club is located on the Detroit River, approximately 15 miles "downriver" of Detroit. It was formed in 1875 when a group of Wyandotte men, led by Mr. John McKnight, officially organized and together purchased a ten-oar barge. The first home of the club was at the foot of Pine Street in a shed behind the summer home of a resident of Wyandotte. And though the club has come a very long way since this time, in a literal manner it has not moved an inch, for on January 14, 1997, the club moved back to the foot of Pine Street, into a state of the art, multi-million dollar facility.

The boat club has come to play a very large role in the lives of Wyandotte citizens. Its more than 700 members assist in the coaching, maintenance and administration of the club's activities and regattas. They teach rowing programs to individuals of all ages. Furthermore, in the mid 1940's, the club began to sponsor a program offering rowing to area high school students. In its 50 plus years, the program has now expanded to include elementary and middle school students as well as high school students. The school programs are open to all students and there is no charge to the student or the school for participation. Many of the high school oarsmen who have participated in the program have become known both nationally and internationally as top competitors in the rowing arena.

Mr. President, I applaud the members of the Wyandotte Boat Club for the many beneficial things they do for the citizens of Wyandotte on a daily basis. In particular, to sponsor rowing for children of all ages, which not only provides these children with a lifelong hobby, but also helps to teach them some of life's most basic and important lessons. On behalf of the entire United States Senate, I congratulate the Wyandotte Boat Club on 125 successful years, and wish the group continued success in the future.●

#### THE 25TH ANNIVERSARY OF THE ANTIQUE AND CLASSIC BOATING SOCIETY

● Mr. ABRAHAM. Mr. President, I rise today to recognize the 25th Anniversary of The Antique and Classic Boat Society (ACBS), which will be celebrated from September 21-24, 2000, at the Grand Hotel on Mackinac Island, Michigan. For 25 years, the ACBS has united individuals with an interest in historic, antique and classic boats, allowing them to share fellowship, information, and experiences.

The ACBS is an international organization headquartered on the St. Law-

rence River in the Thousand Islands region of Clayton, New York. It currently has 44 chapters worldwide, and a membership of over 6,500 individuals. The organization was founded not only to unite individuals with an interest in antique and classic boats, but also to protect and promote the heritage of boating. It does this through the preservation and restoration of historic boats, as well as by encouraging members to share their love and enjoyment of all aspects of historic, antique and classic boating with both other members and the general public.

I think it is important to note here the large role that the State of Michigan has played in the growth and development of the recreational boating industry. Beginning as early as the 1920's, and continuing through the 1970's, the four most recognized American boat builders were headquartered in Michigan: Chris Craft in Algonac; Gar Wood in Marysville; Hacker Craft in Mount Clemens; and Century in Manistee. Thus, I think that it is only right that the 25th Anniversary of the Antique and Classic Boat Society be celebrated in the Water Wonderland State of Michigan.

Mr. President, I applaud the ACBS for having grown into the world's largest organization dedicated to the preservation and enjoyment of historic, antique and classic boats, a fact which pays tribute to the many people who have devoted themselves not only to promoting the heritage of boating, but also to promoting the ACBS and the many wonderful things it does to preserve this heritage. On behalf of the entire United States Senate, I congratulate the Antique and Classic Boat Society on its 25th Anniversary, and wish the organization continued success in the future.●

#### A TRIBUTE TO MRS. PATRICIA JANKOWSKI

● Mr. ABRAHAM. Mr. President, on August 25, 2000, Mrs. Patricia Jankowski of Garden City, Michigan, took office as National President of the Ladies Auxiliary to the Veterans of Foreign Wars at the organization's 87th National Convention. On September 23, 2000, there will be a Homecoming celebration in her honor at the Marriott Hotel in the Detroit Renaissance Center, and I rise today to offer my congratulations to Mrs. Jankowski as she returns to Michigan.

Mrs. Jankowski is a Life Member of Northville Auxiliary #4012. Since becoming a member of the Ladies Auxiliary to the VFW, she has been actively involved on all levels of the organization. She has served served as Auxiliary President, District #4 President, and in 1990-91 was selected the Outstanding President of the Year in her membership group when she served as State President.

On the national level, Mrs. Jankowski has served as National Flag Bearer, National Cancer Aid and Research Director, and National Director for the VFW National Home program. As a member of Blazette Color Guard for five years, she holds two Bronze and one Silver Medal for competition at National VFW Convention. In 1989, she earned National Aide-de-Camp status for recruiting members. And just last year, as National Senior Vice-President, she represented the Auxiliary on a tour of Europe.

Mrs. Jankowski's election to this national office is the highlight of a career dedicated to public service. During her term in office, she will encourage fellow members to raise \$3 million for the Auxiliary Cancer Aid and Research Fund for the 13th consecutive year, with her ultimate goal being to top all previous program records.

Mr. President, I applaud Mrs. Jankowski for the wonderful work that she has done for the Ladies Auxiliary to the VFW. Her supreme dedication to that cause and her unending desire to help our Nation's veterans is both admirable and inspirational. On behalf of the entire United States Senate, I congratulate Mrs. Jankowski on taking office as National President of the Ladies Auxiliary to the Veterans of Foreign Wars of the United States, and wish her great success as she leads this outstanding organization.●

#### DEPUTY CHIEF CHARLES L. BIDWELL CELEBRATES 50 YEARS OF SERVICE

● Mr. ABRAHAM. Mr. President, I rise today to recognize Deputy Chief Charles L. Bidwell of the Brighton, Michigan, Area Fire Department, who will be honored for 50 years of fire service to the City of Brighton at a dinner on September 19, 2000.

Deputy Chief Bidwell has been an active or on-call firefighter since September 14, 1950. He spent his entire career with the City of Brighton Fire Department until July 1, 1998, when the City of Brighton Fire Department and the Brighton Township Fire Department merged to form the Brighton Area Fire Department.

Deputy Chief Bidwell is retired from the General Motors Proving Grounds in Milford, Michigan. He has held the position of Deputy Chief since 1988, and remains one of the most active members of the Brighton Area Fire Department. For the past decade, he has led the department in alarm response.

From June 27, 1994 until January 15, 1995, Mr. Bidwell acted as interim Chief of the City of Brighton Fire Department. He was named the City of Brighton's Firefighter of the Year in 1987, and, at the annual conference of the Michigan State Firemen's Association in Ludington earlier this year, he was selected as Michigan's Firefighter of

the Year in honor of this remarkable achievement.

Mr. President, I applaud Deputy Chief Bidwell on his extensive firefighting career and his dedication to the City of Brighton. He is one of the State of Michigan's true role models, and I am glad that the City of Brighton and the Brighton Area Fire Department have taken this opportunity to recognize his many contributions. On behalf of the entire United States Senate, I congratulate Deputy Chief Charles L. Bidwell on 50 years of service, and wish him continued success in the future.●

### 30TH BIRTHDAY OF HARBOR TOWER APARTMENTS

● Mr. ABRAHAM. Mr. President, I rise today to recognize the 30th birthday of Harbor Tower Apartments in Escanaba, Michigan, which was officially celebrated on July 13, 2000. For thirty years, the presence of Harbor Tower Apartments has enabled the Escanaba Housing Commission, in coalition with the Department of Housing and Urban Development, to provide low-income housing to members of the Escanaba community.

Harbor Tower, an 18 floor, 175 apartment building, was built in 1970. The official dedication of the building took place on July 13th of that same year, and was attended by Miss America Pamela Anne Eldred. The Harbor Tower Apartments are managed by the Escanaba Housing Commission, a group comprised of five full-time employees and a five member Board of Commissioners appointed by the City Council of Escanaba.

To qualify to live in Harbor Tower Apartments, individuals must meet the income guidelines set out by HUD. If they qualify under these guidelines, their rent is determined by their income, with HUD providing subsidy funds. Harbor Tower Apartments is considered a high performer by HUD's PHMAP scoring system. The PHMAP is a grade given to the management and staff on their performance and upkeep of the building.

Perhaps the most important element of Harbor Tower Apartments, at least to the Escanaba Housing Commission, is to make residents feel as if they are a part of a community. They can participate in a variety of activities, including a weekly Rosary, monthly church services, a monthly club meeting, a summer picnic, and other special dinners. In addition, membership in the Harbor Tower Club is available to any resident for only \$6 per year. The club's activities include a monthly catered dinner and dance, an annual Christmas Bazaar, and special holiday parties.

Mr. President, I congratulate all of the people whose hard work over the years has made this 30th birthday possible. It is because of their dedication

that quality housing remains an option to Escanaba citizens of all income levels. On behalf of the entire United States Senate, I wish the Harbor Tower Apartments continued success in the future.●

### MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Ms. Evans, one of his secretaries.

#### EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.

(The nominations received today are printed at the end of the Senate proceedings.)

### REPORT OF THE INTERAGENCY ARCTIC RESEARCH POLICY COM- MITTEE—MESSAGE FROM THE PRESIDENT—PM 127

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Governmental Affairs.

*To the Congress of the United States:*

As required by section 108(b) of Public Law 98-373 (15 U.S.C. 4107(b)), I transmit herewith the Eighth Biennial Report of the Interagency Arctic Research Policy Committee (February 1, 1998, to January 31, 2000).

WILLIAM J. CLINTON.

THE WHITE HOUSE, September 14, 2000.

EIGHTH BIENNIAL REPORT OF THE INTERAGENCY ARCTIC RESEARCH POLICY COMMITTEE TO THE CONGRESS—FEBRUARY 1, 1998 TO JANUARY 31, 2000

(Prepared by the National Science Foundation for the Interagency Arctic Research Policy Committee)

#### BACKGROUND

Section 108(b) of Public Law 98-373, as amended by Public Law 101-609, the Arctic Research and Policy Act, directs the Interagency Arctic Research Policy Committee (IARPC) to submit to Congress, through the President, a biennial report containing a statement of the activities and accomplishments of the IARPC. The IARPC was authorized by the Act and was established by Executive Order 12501, dated January 28, 1985.

Section 108(b)(2) of Public Law 98-373, as amended by Public Law 101-609, directs the IARPC to submit to Congress, through the President, as part of its biennial report, a statement "detailing with particularity the recommendations of the Arctic Research Commission with respect to Federal interagency activities in Arctic research and the disposition and responses to those recommendations." In response to this requirement, the IARPC has examined all recommendations of the Arctic Research Commission since February 1998. The required statement appears in Appendix A.

#### ACTIVITIES AND ACCOMPLISHMENTS

During the period February 1, 1998, to January 31, 2000, the IARPC has:

Prepared and published the fifth biennial revision to the United States Arctic Research Plan, as required by Section 108(a)(4) of the Act. The Plan was sent to the President on July 7, 1999.

Published and distributed four issues of the journal Arctic Research of the United States. These issues reviewed all Federal agency Arctic research accomplishments for FY 96 and 97 and included summaries of the IARPC and Arctic Research Commission meetings and activities. The Fall/Winter 1999 issue contained the full text of the sixth biennial revision of the U.S. Arctic Research Plan.

Consulted with the Arctic Research Commission on policy and program matters described in Section 108(a)(3), was represented at meetings of the Commission, and responded to Commission reports and Recommendations (Appendix A).

Continued the processes of interagency cooperation required under Section 108(a)(6)(7), (8) and (9).

Provided input to an integrated budget analysis for Arctic research, which estimated \$185.7 million in Federal support for FY 98 and \$221.5 million in FY 99.

Arranged for public participation in the development of the fifth biennial revision to the U.S. Arctic Research Plan as required in Section 108(a)(10).

Continued to maintain the Arctic Environmental Data Directory (AEDD), which now contains information on over 400 Arctic data sets. AEDD is available on the World Wide Web.

Continued the activities of an Interagency Social Sciences Task Force. Of special concern is research on the health of indigenous peoples and research on the Arctic as a unique environment for studying human environmental adaptation and sociocultural change.

Continued to support an Alaska regional office of the Smithsonian's Arctic Studies Center in cooperation with the Anchorage Historical Museum to facilitate education and cultural access programs for Alaska residents.

Supported continued U.S. participation in the non-governmental International Arctic Science Committee, via the National Research Council.

Participated in the continuing National Security Council/U.S. Department of State implementation of U.S. policy for the Arctic. U.S. policy for the Arctic now includes an expanded focus on science and environmental protection and on the valued input of Arctic residents in research and environmental management issues.

Participated in policy formulation for the ongoing development of the Arctic Council. This Council incorporates a set of principles and objectives for the protection of the Arctic environment and for promoting sustainable development. IARPC supports the contributions being made to projects under the Council's Arctic Monitoring and Assessment Program (AMAP) by a number of Federal and State of Alaska agencies. IARPC's Arctic Monitoring Working Group serves as a U.S. focal point for AMAP.

Approved four coordinated Federal agency research initiatives on Arctic Environmental Change, Arctic Monitoring and Assessment, Assessment of Risks to Environments and People in the Arctic, and Marine Science in the Arctic. These initiatives are designed to augment individual agency mission-related programs and expertise and to promote the resolution of key unanswered questions in Arctic research and environmental protection. The initiatives are intended to help
